HOW DO I START?

1. START YOUR APPLICATION

Complete the online admissions application at:
otech.edu/apply

2. TESTING & REQUIREMENTS

If your program requires testing, schedule at:
otech.edu/assessment

3. FINALIZE YOUR ENROLLMENT

When steps 1-2 are done, meet with an admissions advisor to register for classes:
otech.edu/advising

Articulation agreements help you transfer credits, saving you time and money on a certificate or degree. These agreements match courses between schools, so you don't have to repeat classes you've already taken.

OTECH credits put you ahead—turn your certificate into a head start on a degree! This works in two ways:

1. HIGH SCHOOL TO OTECH

We don't believe in making you take courses twice if you don't have to! Certain CTE courses you take in high school can transfer to your OTECH program.

2. OTECH TO OTHER INSTITUTIONS

Your OTECH credits can transfer to other institutions in and out of the state of Utah to help you complete an associate (AS) or bachelor's (BS) degree more quickly.

In order to receive credit for course work included in these agreements, students must provide an official transcript to the receiving institution. For additional requirements please contact the **Ogden-Weber Technical College Records Office** at 801.627.8493 or records@otech.edu.
